Sovkhozes, kolkhozes, and machine-tractor stations of the republic were well prepared for spring sowing in 1951. Most of the sovkhozes, kolkhozes, and MTS completed repairs of tractors and agricultural machines within the prescribed periods. As of 1 April 1951, republic kolkhozes had increased repair work over the same period of 1950 as follows: plows, 16 percent; seeders, 5 percent; and cultivators, 16 percent. As compared with 1950, the volume of cleaning work on irrigation and drainage pipes increased three times. In 1951, sovkhozes and kolkhozes completed cotton planting in less time than during 1950.

As of 10 July 1951, machine-tractor stations of the Ministry of Cotton Growing had completed 24 percent more cultivation of cotton crops than during the same period of 1950.

Machine-tractor stations had not completed repairs of combines and grain-harvesting machines in time for the beginning of harvesting work. As of 15 July, republic kolkhozes had harvested 2.9 percent less grain crops than by the same date of last year, including 25 percent less with harvesting combines. As of 15 July, kolkhozes had completed 65 percent of the hay-harvesting plan, including 62 percent of the plan for indigenous grasses and 75 percent for sown grasses.

As of 30 June, kolkhozes had completed 87 percent of the plan for plowing of fallow. By 10 July 1951, MTS had completed 16 percent more tractor work than in the same period of 1950.

The first-quarter 1951 plan for freight turnover on narrow-gauge railroads was fulfilled 103 percent. The plan for freight hauling was fulfilled 83 percent, including 97 percent for grain, 129 percent for cotton fiber, 121 percent for raw cotton, 111 percent for cotton seed, 82 percent for coal, 111 percent for liquid fuel, and 72 percent for mineral fertilizers.

The Ministry of Automobile Transport completed 95 percent of the first-quarter 1951 plan for freight hauling and 63 percent of the plan for passenger transport.

Construction projects in the Tadzhik SSR completed 54 percent of the first-quarter plan for capital construction, including 67 percent by union projects, 46 percent by union-republic projects, and 47 percent by republic projects. The first-quarter capital-construction plan was fulfilled as follows by individual ministries, union-republic and republic departments:

	<u>Percent</u>
Ministry of Light Industry	30
Ministry of Food Industry	61
Ministry of Meat and Dairy Industry	57
Main Administration of Construction Materials Industry	52
Ministry of Local Industry	65

As a result of the lowering of state retail prices on consumers' goods on 1 March 1951, sales increased considerably. The first-quarter plan for retail commodity turnover and turnover in public eating enterprises was fulfilled 99 percent by trading organizations of the Tadzhik SSR, including 98 percent for turnover in the retail trade network and 101 percent for turnover in public eating enterprises. Individual trading organizations fulfilled the first-quarter plan as follows:

	<u>Percent</u>
Trading organizations of the Ministry of Trade Tadzhik SSR	96
Main Administration of Department Stores	101
Main Administration of Special Food Stores	103
ORS and food supply organizations	99
Tadzhik Consumers' Union	98

The second-quarter plan for retail turnover was fulfilled 100.6 percent, including 100.1 percent for turnover in the retail trade network and 105 percent for turnover in public eating enterprises.
